

FazaClo® (clozapine) Patient Registry

MULTI-PATIENT WBC Count and ANC Monitoring Form

Instructions: This form is used to submit WBC count and ANC monitoring information on multiple registry patients where treatment dispensation occurs on the same day. NOTE: DATA SUBMISSION TIMELINES MUST BE MET FOR ALL LISTED PATIENTS - (ie, form received by registry within 7 days of blood draw date for patients on weekly monitoring; 14 days for every two weeks monitoring; and 28 days for every 4 weeks monitoring*).

- ⌚ The Affiliated Health Care Practitioner must provide Affiliated Pharmacist with complete WBC count and ANC test results according to individual monitoring schedule and valid prescription for each dispensation of FazaClo to meet monitoring requirements.
- ⌚ The Affiliated Pharmacist can dispense FazaClo ONLY after receiving a completed WBC Count and ANC Monitoring Form with valid PRN, a valid prescription, and verifying the WBC count and ANC test result are within normal limits and timeframe according to FazaClo product labeling.

Date:		Pharmacy Name:		Pharmacy DEA or ID#:
